CIGAR STORE IN TO SHOW HOW TO RAISE GOOD FRUIT

5TH ANNIVERSARY

Big Crowds Entertained at Schafer and Platner's—All Get Souvenirs.

Schafer and Platner's cigar store, 110 N. Main st., celebrated the fifth anniversary of its opening of the store Wednesday with the best social affair that has ever been given by the owners, D. B. J. Schafer and George M. Platner. Although the entire day was given over to the celebration, the evening saw larger crowds in the store.

Pocketbooks and cigar trays were given to the men as souvenirs of the occasion, while the women were presented with boxes of candy. During the evening several different kinds of cigars, cigarettes and tobacco were given away.

In the afternoon a Victrola concert was given and in the evening the Ingersoll orchestra entertained. Fred Martin, the pianist, played several selections in accompaniment to music on a Victrola.

Affair This Year Best.
Ever since the store was opened on Oct. 27, 1911, the proprietors have given affairs of this kind on the same date. On the night the store was opened a party was given, and similar ones have been given ever since, although this year's was the best of any of them. The store was decorated throughout with gold and blue, the Notre Dame colors, and tan and blue, the high school colors. Ferns, palms and cigars were used as other decorations.

KALEY CLUB WOMEN FORM ATHLETIC TEAMS

Mrs. Lloyd Joels was elected captain of the Reds and Miss Anna Szabo captain of the Blues at a meeting of the Women's Athletic league of the Kaley school Wednesday night at the school. These teams will compete in a membership campaign as well as athletic contests. After the meeting several games of basketball were played.

In two weeks the real athletic competition between the two teams will be started. Next Wednesday night the teams will practice.

AUTOMOBILES COLLIDE

Automobiles driven by Mrs. Elmer Webster, Woodward av., and Josephus Moomaw, 739 Diamond av., collided at the corner of Cushing st. and Lincoln way W. Wednesday afternoon about 2:15 o'clock. None of the passengers of the cars was injured, although both machines were badly damaged.

Mrs. Webster came south on Cushing st. and turned into Lincoln way W. According to Mrs. Webster, Strickler, one of the passengers in the Webster machine, Moomaw came from the west on Lincoln way and struck one of the front wheels of the other car. A street car passed just as the accident occurred, but neither of the machines was struck by the car.

TO BUILD SUMMER HOME.
Announcement was made Wednesday of the purchase by Marvin Campbell, 413 W. Colfax av., of 38 acres in Clay township, north of the city, for the purpose of building a summer home. The property, which was formerly the Jesse Jennings farm, was sold to Mr. Campbell by Mr. and Mrs. Joseph Kish for \$11,000.

A penny supper was given by the Social club of Zion Evangelical church Wednesday at the church.

Purdue Experts Give Orchard Demonstration on Reish Farm Tomorrow.

Judging from the inquiries which have been received by County Agent Bordner there will be a large attendance at the orchard demonstration meeting to be held tomorrow on the farm of Charles Reish located on the Dixie highway three-quarters of a mile north of Lakeville. This will be an all-day meeting under the direction of experts from the agricultural extension department of Purdue university. The sessions will begin promptly at 9:30 a. m. and 1:00 p. m. Pruning will be demonstrated during the morning and spraying and orchard management will be taken up in the afternoon.

Indiana raises fruit of high quality where nature is assisted by thorough pruning, spraying and cultivation. It has been fully demonstrated that when Indiana orchards are properly taken care of they will return six per cent interest on a valuation of \$1,500 an acre. The object in having the demonstration on the Reish farm Friday is to give assistance in placing St. Joseph county orchards on a paying basis. The actual work in all the processes of caring for fruit trees will be practically demonstrated.

GETS JUDGMENT OF \$250

Barry Scanlon Awarded Verdict Against McWeenys.

Barry Scanlon received a judgment of \$250 against James and Elizabeth McWeeny, former residents of South Bend, to collect on a note held by the plaintiff against the defendants. The verdict was returned by Judge James L. Harmon in the Elkhart superior court.

Elizabeth O'Neill began proceedings in the St. Joseph county courts two years ago to collect on a note held by her against the McWeenys. She received judgment at the time of \$1,812.12, property given as security being sold to pay the indebtedness. Remaining from the sale of the property was \$214, which Scanlon attached through court action.

The case was venued to the Elkhart superior court and judgment there was rendered by default.

The money attached by Scanlon was held by the clerk of the St. Joseph court pending the decision in Scanlon's suit. The court verdict ordered that Scanlon pay the costs of the action, and the remainder be turned over to him. He will receive therefrom practically \$192, although he sued and received judgment for \$250.

McWeeny was formerly chief of police in South Bend.

GWAN, TAKE A CHANCE

What is thought to be the largest mushroom brought into the city this summer was captured Wednesday by Chief of Detectives Kuespert and Officers Diver and Isackson about 18 miles west of South Bend. The biggest of the three mushrooms weighed exactly 13 pounds and was 48 inches in diameter. Another large one weighed 10 1-2 pounds and was 46 inches in diameter.

Just what disposition to make of the mushrooms is the problem that is pending at the present. Each of the three is waiting for one of the others to apply the only sure test for mushrooms, that of eating it, before they will take a chance.

FALLS FROM BICYCLE

Miss Juliana Suddarth, 319 Laporte av., was slightly injured Wednesday afternoon when she fell from her bicycle near the corner of Lafayette st. and Riverside dr. She was taken to her home in the police ambulance, in charge of Officers Kemmerly and Bulhand.

TELLS HOW MEN ON F-4 MET FATE

Final Report Holds Corroded Condition of Battery Tank Responsible.

WASHINGTON, Oct. 28.—The submarine F-4 which sank off Honolulu last March, carrying 21 men to their deaths, met its fate because:

1—The corroded condition of the lead battery tank, which caused the vessel to sink.

2—Because the poor diving powers of the vessel made it impossible for her to promptly rise to the surface after her officers learned she was doomed.

These facts are concisely stated in a final report on the disaster made public Wednesday by Rear Admiral Busch, head of the board of inquiry, which examined all circumstances connected with the submarine's sinking.

The officers and men on F-4 met their deaths, not quickly, as has been thought before, but slowly and in a dramatic manner, according to the report. The board discards the theory that chloride gas brought death to the crew.

"The personnel of the crew were not asphyxiated before the vessel, under normal conditions, could have been brought to the surface," says the report. "Some members of the crew of the personnel were alive and capable of action for at least a short time after the occurrence which led to the disaster."

Seams of the vessel began to open. Water rushed in. Only then did the crew abandon their stations. Many sought refuge in the engine room, closing its doors. Under great pressure the engine room bulkheads failed, sending the vessel on the bottom, completely flooded.

Fifteen men met death in the engine room where they sought refuge at the last; six died at their posts in the "flooded forward compartment."

All members of the ship's company are absolved from blame for the conditions making the disaster possible.

Mr. Wilkins is now retired from business career. He is the ex-mayor of Whittier, Calif., and is a director of the Commercial National bank in the city where he now lives. He is also identified with the South West Land Co. of Los Angeles, a gigantic realty corporation. He retired from business about 10 years ago, having no children or any near relatives to whom he might leave his money. His brother in California, with whom he has been associated for many years, is a multimillionaire.

Came Here From Philadelphia.
Mr. Wilkins came to South Bend when he was 13 years old from Philadelphia. Soon after he became interested in the grocery business, but sold his stores, accepting a position with the Studebaker corporation. It was 26 years ago that he left this city for the west, where he made a fortune.

Seek to Keep Cheap Goods Out of U. S.

WASHINGTON, Oct. 28.—President Wilson Wednesday gave his approval to the plan of Sec'y of Commerce Redfield to urge upon congress the need of laws to prevent foreign manufacturers from flooding this country with cheap goods at the close of the European war. Sec'y Redfield and Chairman Davies of the federal trade commission, at a lengthy conference with the president Wednesday on the matter and Sec'y Redfield's recommendations were gone over thoroughly by the president. After the conference Sec'y Redfield said he would make the two following recommendations in his annual report:

1—That an amendment to the Clayton anti-trust act be passed by which American manufacturers will be permitted to maintain an operative selling agency abroad.

2—That congress enact legislation to prevent foreign manufacturers from dumping cheap goods on the American market at the close of the war.

Relief for Catarrh Sufferers Now FREE

You Can Now Treat This Trouble in Your Own Home and Get Relief at Once.

How the Remedy for Catarrh Was Discovered.

THIS terrible disease has raged unchecked for years simply because symptoms have been treated while the cause of the trouble has been left to circulate in the blood, and bring the disease back as fast as local treatments could relieve it.

C. E. Gauss, who experimented for years on a treatment for Catarrh, found that after perfecting a balm that relieved the nose and throat troubles quickly, he could not prevent the trouble beginning all over again.

On test cases, he could completely remove all signs of Catarrh from nose and throat, but in a few weeks they were back.

Careful experiments and investigations have shown that as the troubles were expelled from the nose and throat, the real cause of the disease was overlooked and in a short time the Catarrh would return stronger than ever. Mr. Gauss has gone way ahead of the ordinary methods of treatment and has provided a remedy that

Removes the Cause and Immediately Gives Relief to the Nose and Throat

Reese Jones, of Scranton, Penn., says that after trying many other treatments, he used this new method and—My nose is now entirely clear and free and I am not bothered by the disease any more. The New Combined Treatment is worth its weight in gold.

Temporary relief from catarrh may be obtained in other ways, but the New Combined Treatment must inevitably be accepted for permanent results.

Sarah J. Cape, Mount Pelia, Tenn., says, "I suffered the pains and distress of catarrh for thirteen years and needless to state, tried nearly every method. But by your new method I was completely cured and you cannot imagine the joy that has come over me."

Trial Treatment FREE
This new method is so important to the welfare of humanity, so vital to every person suffering from any form of catarrh, that the opportunity to actually test it and prove its results, will be gladly extended without one cent cost.

A large trial treatment, with complete, minute directions, will be sent free to any catarrh sufferer.

Send no money, take no risks, make no promises. Simply clip, sign and mail the coupon and the test package of the New Combined Treatment will be sent, fully prepaid, together with the valuable book on Catarrh.
